ALTRO SUPREMA

Altro Suprema™ is a stunning non-sparkle safety flooring that gives you complete design freedom. From subtle grey to vivid orange, one of the range's 40 shades will match the mood you want to create.

Altro Suprema™ Colours to Inspire!

Altro Suprema is losing the II from its name but gaining 12 new colours including three 'flake' designs. Harnessing the latest design trends, Altro Suprema has been developed in consultation with colour consultants, architects and end users to create an up to date palette. Ideal for education and front of house applications, one of its 40 shades will match the mood you want to create.

Colour is the future of design

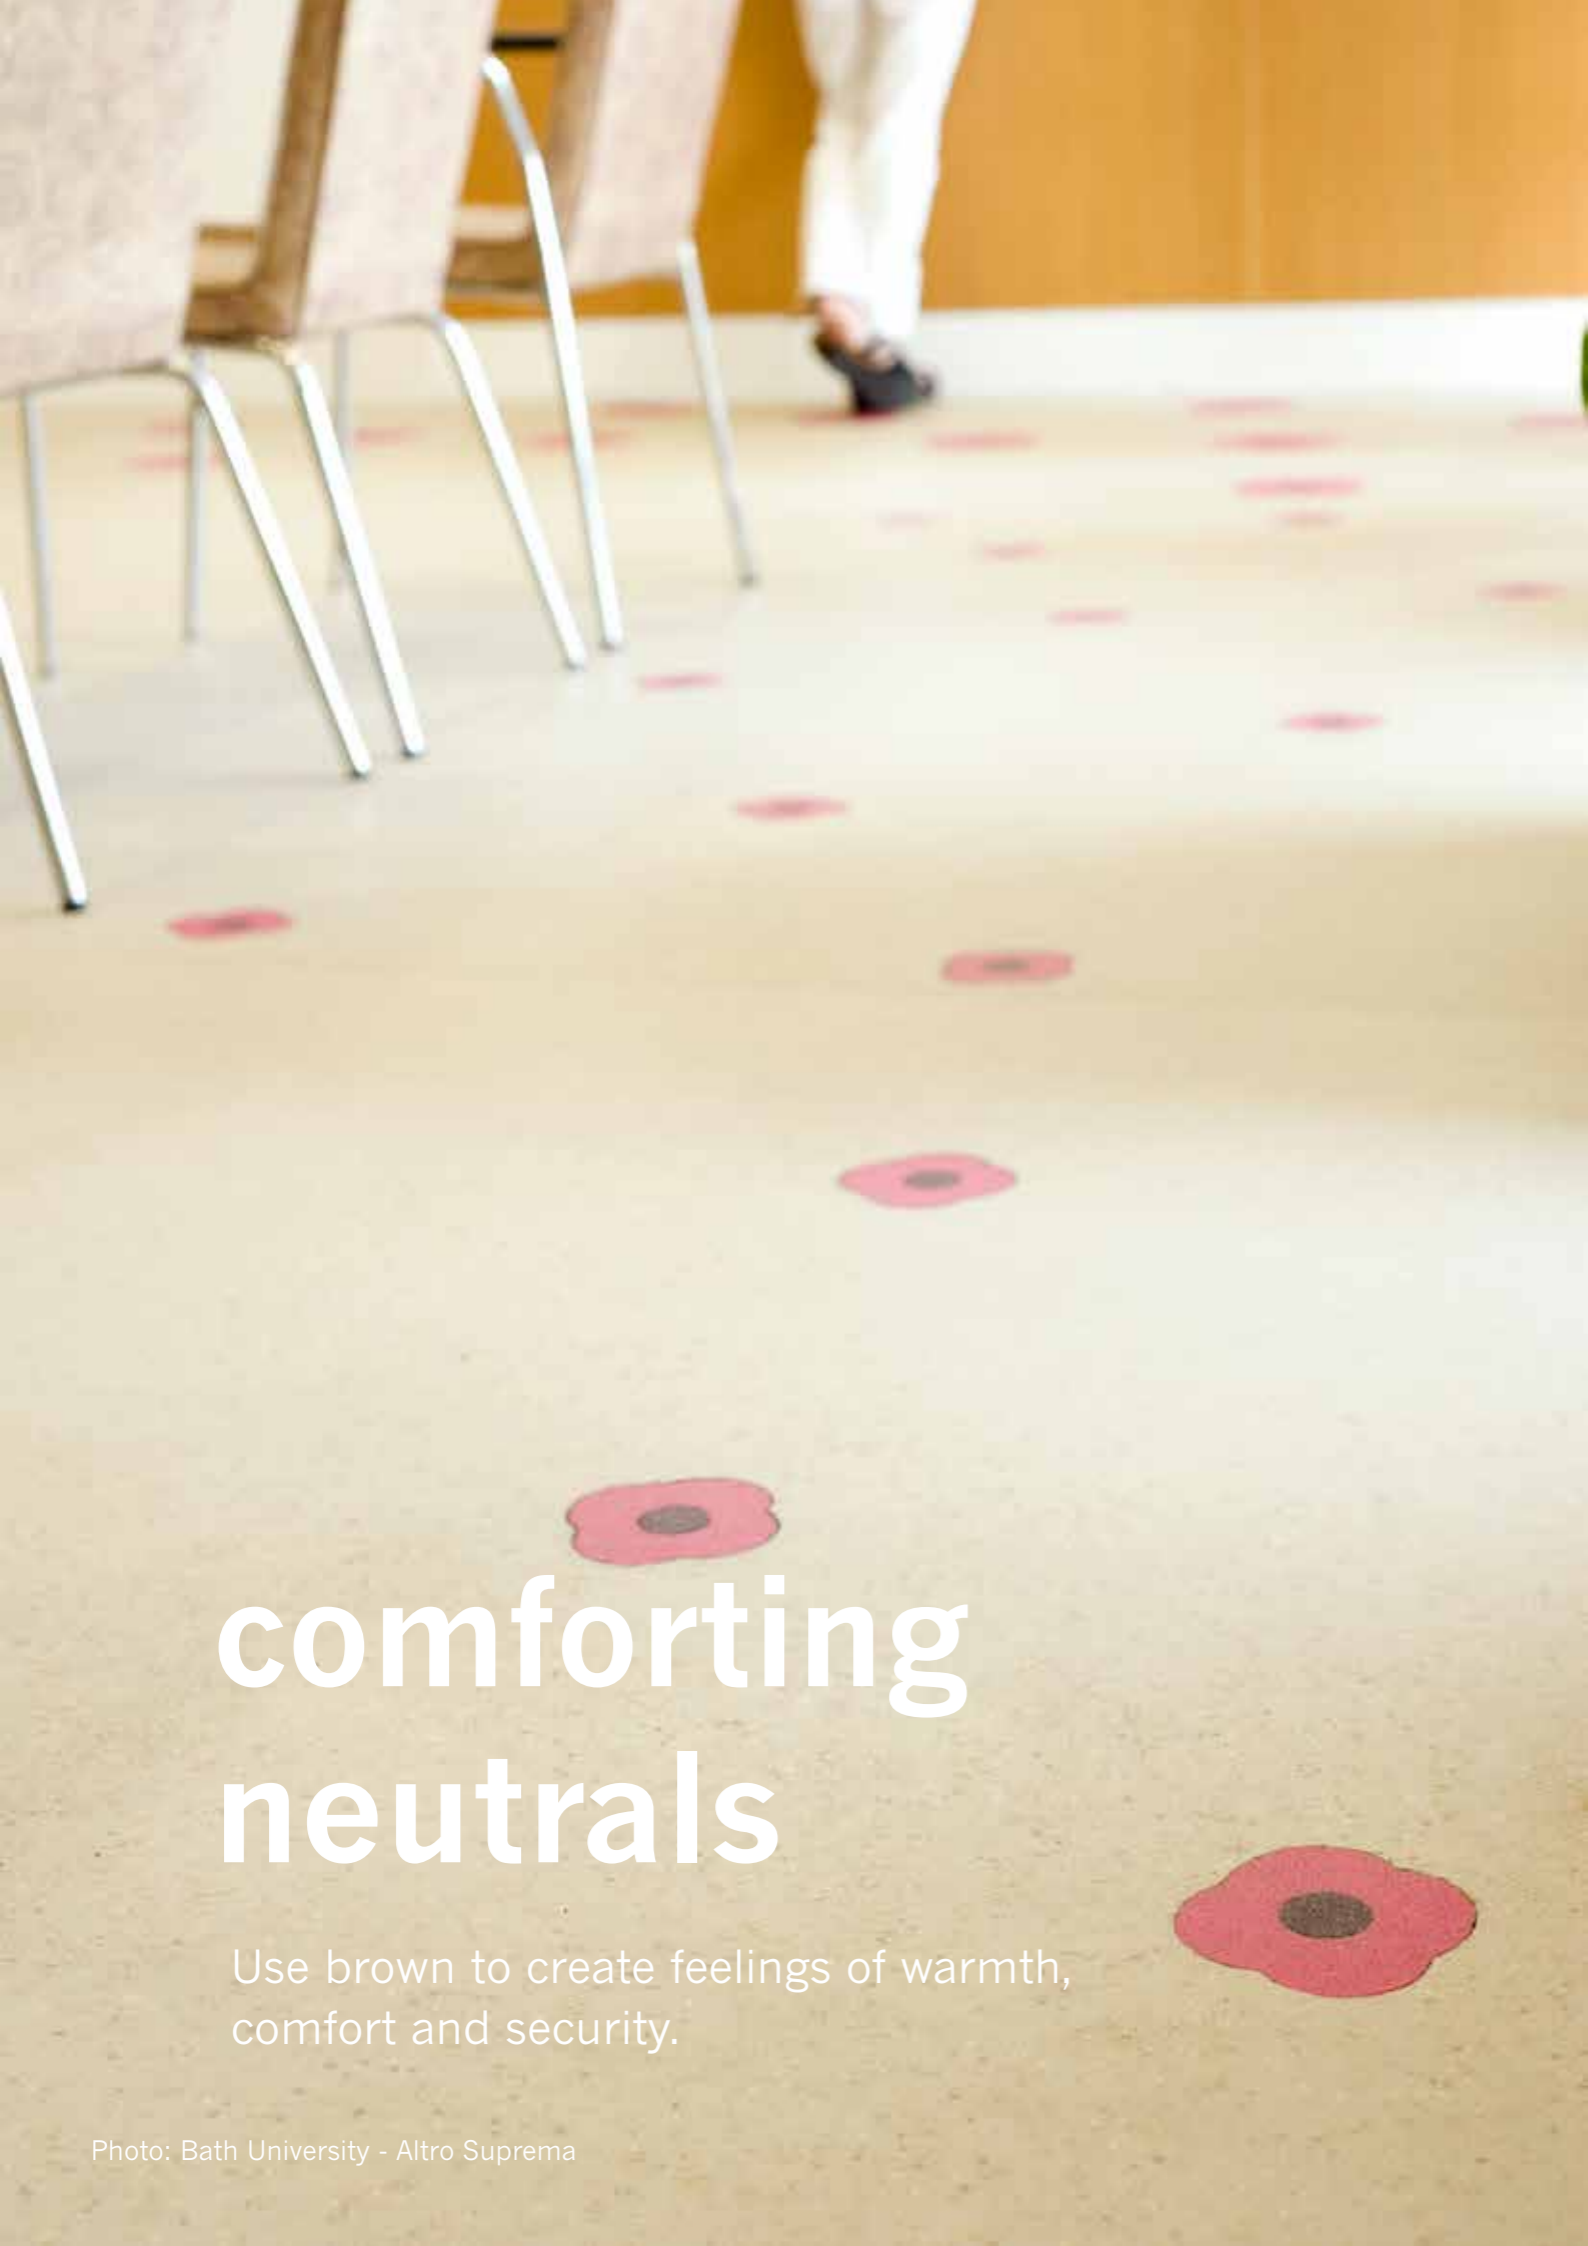

Imagine a world without colour! It is almost impossible to picture. Colour is nature, colour is inspiring and colour is the future of design. With Altro Suprema's new range you will be able to create designs that inspire.

With the inclusion of Altro Easyclean Maxis PUR Technology, combined with the scope of the range, enables the choice of colour to become a decisive factor when specifying safety flooring. Gone are the days of narrow and uninspiring choice.

Delve into the range to create visually stimulating colour-themed designs or instructive way-finding, all whilst maintaining the core design integrity of your vision: all with just one range.

Our PUR Lifetime Pledge ensures peace of mind. You can rest assured that your flooring will retain its good looks; your choice of pale or vibrant colours will not let you down in high traffic areas and save you up to 60% on cleaning and maintenance.

“The corridor refurbishment has given the school a fresh new look that will appeal to the children and the teachers. Our design uses colourful imagery inspired by the world map which has been applied to the floors and walls. The Altro flooring, which once supported our Olympic heroes, has been re-used to provide a robust platform for a dynamic learning environment.” - Suat Yasar, Architectural Technician, IBI Nightingale.

Inspiring learning environments!

Use Altro Suprema to create patterns, way finding, school branding, inspiring quotes or educational imagery, the possibilities are endless!

With Altro art you can draw attention to visible boundaries around potential hazards, highlighting their location to the visually impaired, enabling you to comply with Disability Discrimination Act regulations.

Once you've chosen your design, we'll work closely with you and your flooring contractor to ensure all your requirements can be effectively realised on site. All with the assurance of Altro performance. A range of pre-cut patterns is also available.

Find out about Altro art and our range of pre-cut patterns available at www.asf.com.au/Flooring/Safety-flooring/Altro-art.

Altro Whiterock the perfect partner!

Some things are meant to be together – like Altro Suprema™ and Altro hygienic wall cladding. They've been designed to fit together perfectly, forming a sealed, watertight system for enhanced safety and hygiene. And because our flooring and hygienic wall cladding are designed to be compatible, when they're installed correctly, you won't need to worry about joined surfaces 'parting company'. This makes them great for wet areas where you can't compromise on safety and hygiene.
