Work smarter, not harder

Quote My Plans is a ground-breaking online tendering solution for architects, building designers and draftsmen.

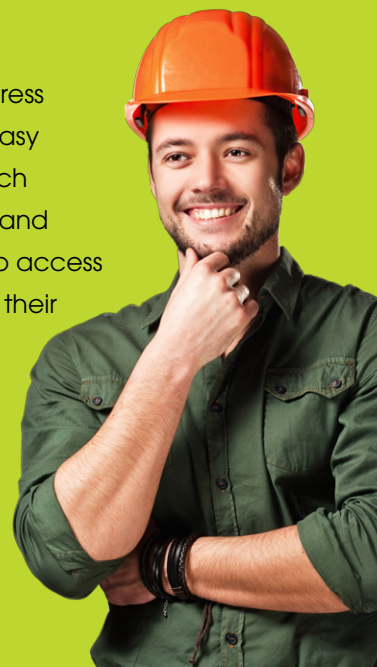

It's also **FREE!**

Simply post your plans securely online and compare quotes. You can invite your existing preferred builders to quote, or open the opportunity to dozens of new builders. It's the most efficient, streamlined way to select the best builder for every project.

Attract the best builder for the project

Because all quotes address your exact criteria, it's easy to choose the best match for your client's budget and time frame. You can also access builders' profiles to view their qualifications, building licences, insurances, references and feedback. Only the builders quoting on your plans can view them.

Money for nothing

Making money is better than saving money. So as an added incentive, you also confidentially receive 0.5% of the total project value. The more you use the site, the more money you make, it's that simple. On a \$200,000 project, that's \$1000 in your pocket. Not bad for a service that saves hours of valuable time in sourcing builders, sending plans and chasing quotes.

Simply post your plans at www.Quotemyplans.com.au to compare your quotes and streamline your projects
