100TiXi20MTL

Single Slot Tile Insert Drain.

Blends perfectly with your chosen tile or designer hard surface.

The 100TiXi20TML linear drainage system is an ultra minimal, 100mm wide Tile Insert drain.

The Stormtech 100TiXi20MTL allows tiles of up to 10mm, offering a shallow channel profile of just 23mm total depth.

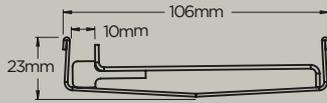

Made-to-length in Australia from 316 marine grade stainless steel, all Stormtech drainage can be finished in a range of vibrant metallic and powdercoat colours.

Create perfect seamless bathroom drainage with the new 100TiX Tile Insert from Stormtech.
