

WINDOW AWNINGS

Window Awning kits come in pre-fabricated flat pack form.

Option 1: Timber work only. Includes pre-fabricated sides & backboard, fascia & rafters.

Option 2: Complete kit includes all of the above plus roofing shingles and joiner strips.

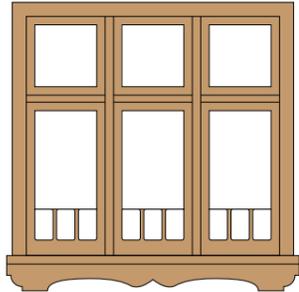

Overhang available: 450 - 600mm

Lengths ranging between 1.0m - 4.5m long.

Also available window awning ends as illustrated on the left. Shingles also available separately.

WINDOW APRONS

Window Aprons are manufactured out of finger jointed treated pine. They give your home a distinct period look.

They are available in various lengths to suit your window sizes.

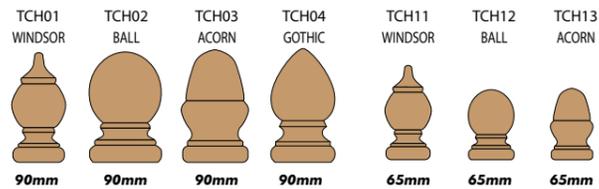

SHUTTERS

PVC Shutters add warmth & elegance to your home.

They are made from PVC plastic & come in a range of 9 colours. The advantages of this product over timber is that there is no rot and they cannot absorb moisture and swell. They are manufactured to a standard width of 365mm and are available in various heights.

POST KNOBS

PYRAMID POST CAPS

The Pyramid Post Cap gives your fence post a more modern look.

They are easy to install and are available to suite 90 x 90mm, 115 x 115mm and 132 x 132mm posts.

CUSTOM FEDERATION WORK

Custom federation timber requirements for heritage refurbishment or federation products to detail can be manufactured to your specifications.

Our skilled team is able to replicate to match existing timber products and can provide details and drawings prior to manufacture.

All Extrim products are made in L.O.S.P. treated pine unless stated otherwise.
