# Specify Your Choice. Standard, Modified or Custom

Landmark is Australia's leading designer, manufacturer, supplier and installer of Park Shelters, Restrooms, Access Structures, Pedestrian Bridges and Street and Park Furniture for urban and community spaces. Established for over 26 years, we have built a comprehensive range of standard pre-manufactured, kit-form products for reduced on-site disturbance and quicker install times. Landmark is accredited to ISO9001 Quality Management System ensuring you get quality repeatable and measured outcomes.

## Standard Options

Choosing a product from our standard range will usually provide the most cost effective solution. We've hundreds of pre-designed and engineered solutions to suit most requirements.

## Modified Options

Modifying an existing design can take many forms, including joining structures together, changing the materials or adding custom features. The simplest way to change the aesthetics of an existing design is to choose from our extensive range of accessories.

## Custom Work

Signature products are increasingly in demand and should your project require it we will work with you to design, engineer and manufacture a custom solution for your specific needs.

## The choice is up to you.

All Landmark Products are pre-fabricated and supplied in flat-pack kit form with instructions and engineering certificates to meet all building codes and Australian Standard requirements.

We have developed the Standard Specification Matrixes to increase efficiency and provide a high level of detailed specification to reflect a projects' environment.

We believe this will dramatically reduce the amount of requests for more information you may encounter from the contractor.

These Specification Matrixes are examples of our comprehensive range of **standard products**.

**To discuss modifying or customising** our standard products or if you require any further clarification **please contact your local Landmark Project Consultant or call 1300 768 230.**

**IMPORTANT NOTE:** WE DO NOT RECOMMEND PAINTING ON HARDWOOD because hardwood releases tannins which looks unsightly when painted.

# Street and Park Furniture

Landmark's extensive range of Street and Park Furniture offers many standard designs, sizes and options that make planning easy, or you can modify our standard designs to suit your requirements.

We can work with you to craft a custom design to suit specific sites or individual requirements. All custom-made Street and Park Furniture is drafted and engineered to withstand high use, outdoor conditions and public demands. We can also design suitable solutions to meet wheelchair and accessibility needs according to Australian standards or local requirements.

Material selection can vary as new trends and improved materials enter the market. We are happy to incorporate your preferred choices and share our experience of what has worked well in the past, but the final choice is always yours.
