

Linings & Claddings

Architectural Range

Cembrit Trough Coloured Fibre Cement |
Wood-Look Aluminium

Designer linings & claddings that offer
the confidence of fire compliance

Your build, made easy

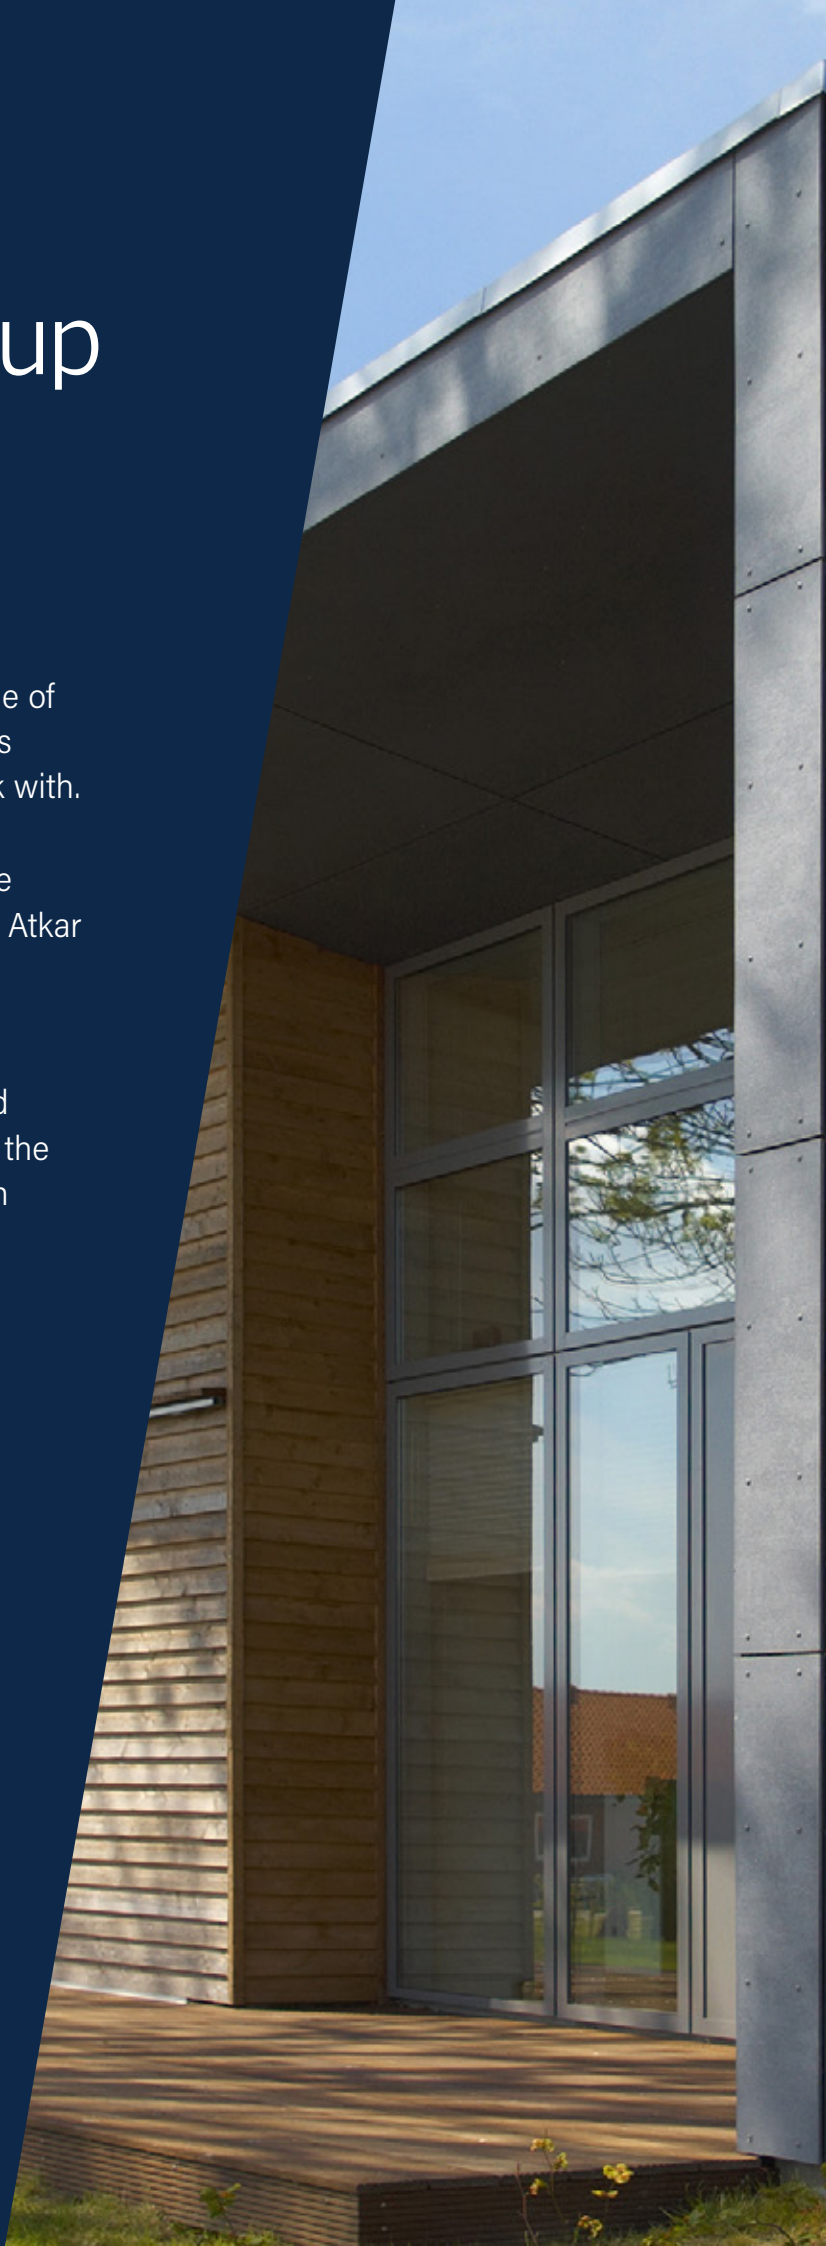

Your build, made easy

Trumark Group is the name you need to remember when you want an extensive range of lining, & claddings, matched with a first-class customer service team who are easy to work with.

Serving customers for over 70 years, we were previously known as the Facades division of Atkar Group.

Our new name represents a new chapter for our customers. With our team of experienced professionals, our focus is on understanding the individual needs of your build to help shorten your construction journey so you can build quicker, easier & more efficiently.

**With Trumark Group,
it's your build, made easy.**

Our Range of Linings & Claddings

Cembrit Through Colour Fibre Cement

A beautiful pre-finished façade panel, which offers many colour options including a raw, natural patina panel through to a high quality solid painted surface.

Page 4

Wood-Look Aluminium

Realistic timber-look aluminium batten & cladding system with a powder-coat finish that offers the look and feel of real timber but is fire compliant and maintenance-free.

Page 6

Cembrit Range

Stunning and non-combustible, Cembrit Through Colour Fibre Cement will make your buildings stand out.

Trumark Group are key Australian distributors of Cembrit, one of the leading European through colour fibre cement manufacturers.

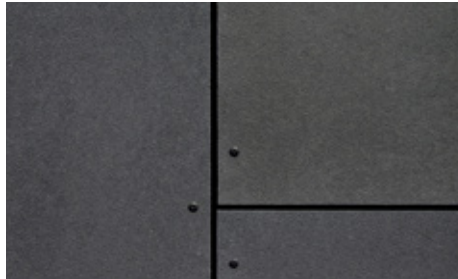

Cembrit Patina Original

Raw textured board with fine sanding lines, that will gradually acquire a distinctive 'patina' over time.

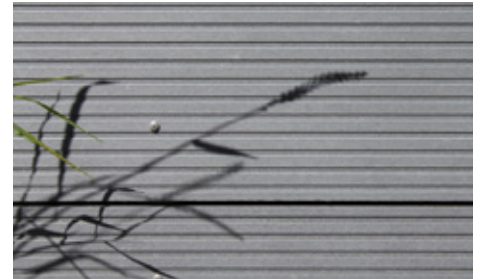

Cembrit Patina Rough

Rustic board with a stone-effect, textured surface.

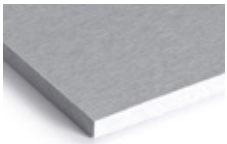

Cembrit Patina Inline

Natural Patina board with linear milled grooves.
