

FBC15

Driglaze Balustrade Channel

The Driglaze System eliminates the need for any grouting, allowing faster and easier installation than ever before.

Provides an uninterrupted view without any vertical supports or connectors whilst still being durable and secure. The FBC15 provides impeccable quality and safety.

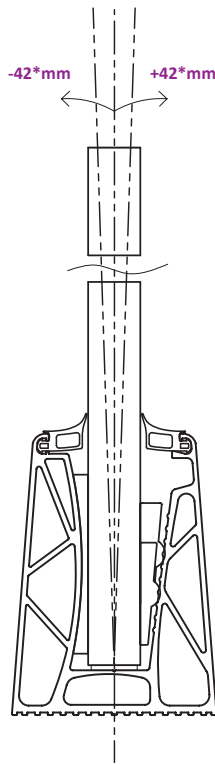

Provides up to 42mm of glass adjustment. Installation is also made easy by the channel glazing from the interior side. Holes are pre-drilled in the channel for ease of installation.
