NATURAL CREATIONS™ LUXURY VINYL PLANK AND TILE

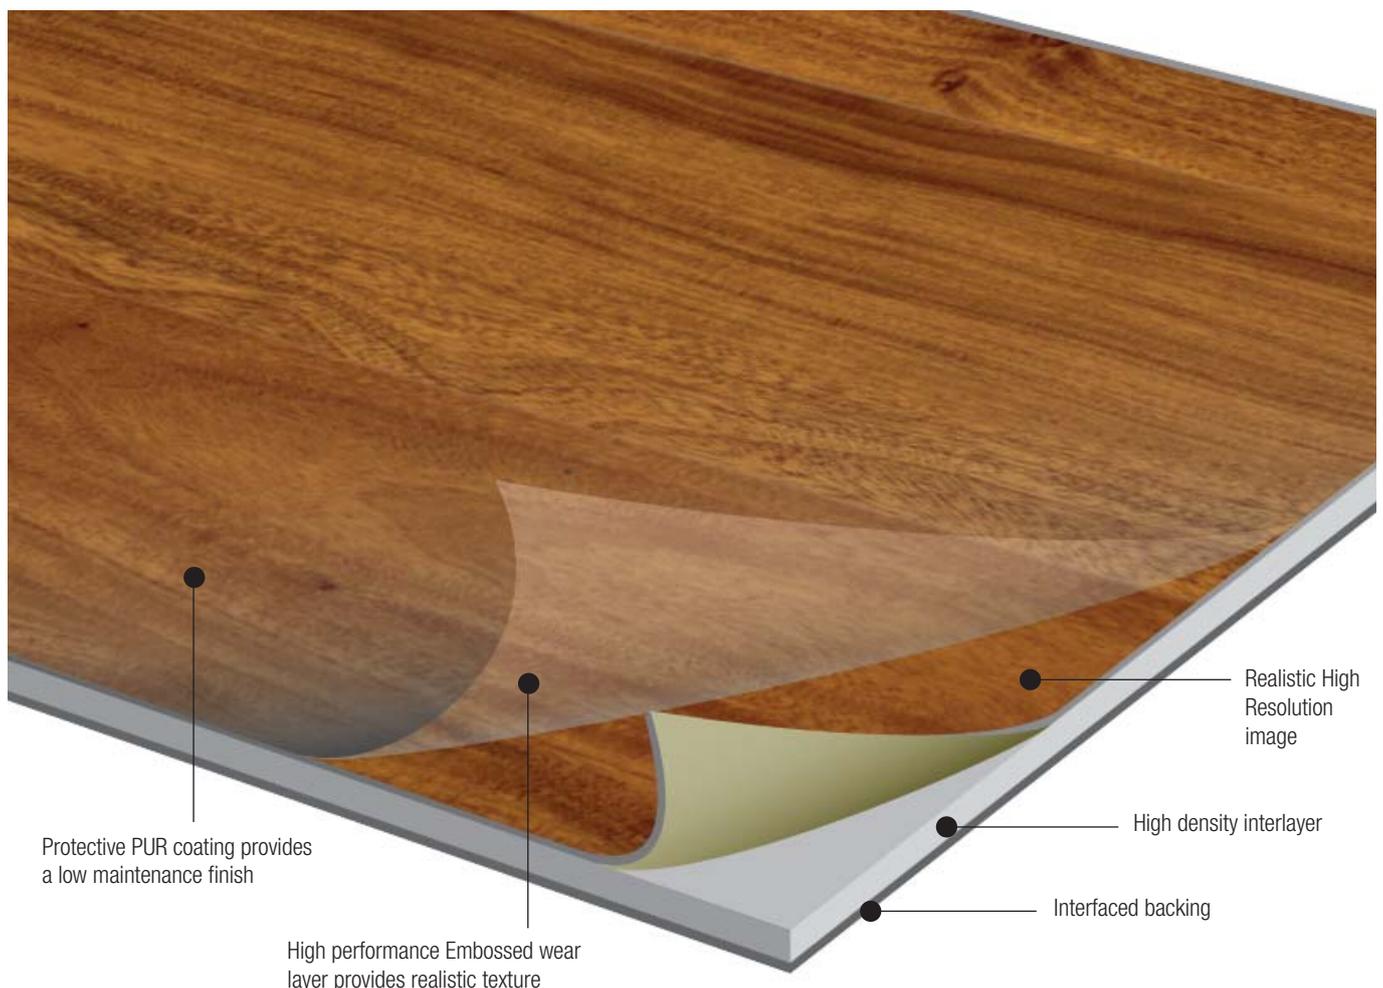

Armstrong Flooring's NATURAL CREATIONS™ collection of Luxury Vinyl Plank (LVP) and Tile (LVT) captures the essence of earth's woods, stones, metals and original graphic designs in an array of plank sizes. Our commercial LVP/LVT combines the best of durability, technology, and design to give you the look and performance you expect.

NATURAL CREATIONS™ creates flexible, cost effective and flawless design solutions for your environments.

- Bold and powerful designs, fused with premium length planks, Natural Creations™ gives you the freedom and advantage to create timeless interiors.

- Whether looking to create the impression of a larger room, drawing focus to a feature or simply wanting the most advanced flooring, the NATURAL CREATIONS™ range has been carefully selected to offer you the perfect solution.

Armstrong Flooring's NATURAL CREATIONS™ products are third party certified for low VOC emissions. Select Natural Creations™ LVP/LVT and have the peace of mind you expect from Armstrong Flooring.

NATURAL CREATIONS™

LUXURY VINYL PLANK

ArborArt™ Mystix™

iset™
Installation System

NATURAL CREATIONS™ with the I-SET™ Installation System

4.0mm ArborArt™ and Mystix™ with the I-Set™ Installation System

Commercial flooring projects today call for quicker completion schedules and high quality performance products that meet any budget.

The NATURAL CREATIONS™ Luxury Vinyl Plank (LVP) collection is now available with the I-Set™ Installation System, a perfect solution for spaces that require quick installations.

The Armstrong Flooring I-Set™ installation system is a revolutionary, non-wet adhesive system which is factory applied to 4.0mm NATURAL CREATIONS™ Luxury Vinyl Plank. This type of installation system has been proven in commercial carpet tile for decades and is now available in resilient flooring from Armstrong Flooring. Look for NATURAL CREATIONS™ with I-Set™.

- Factory applied – no wet adhesive.
- Reduces installation time by almost half (compared to traditional methods).
- No adhesive fumes.
- The space can be occupied immediately.

Visuals, colours, and textures of the ArborArt™ and Mystix™ collections combined with this revolutionary technology provide great designs in an innovative, easy-to-install, durable product. All NATURAL CREATIONS™ collections are easy to maintain and repair. Armstrong Flooring NATURAL CREATIONS™ products are third party certified for low VOC emissions. Select NATURAL CREATIONS™ LVP and have the peace of mind you expect from Armstrong Flooring.

NATURAL CREATIONS™ 2.5mm Barnside Embers

NATURAL CREATIONS™ 4.0mm with the I-Set Installation System

Completion in half the time

The I-Set™ Installation System combines the beauty of Natural Creations™ LVP with an all-in-one flooring solution, so installations can be completed in about half the time of traditional methods. With no wait time and instant return to the space, the I-Set™ Installation System can restore revenue-producing spaces to operational status immediately.

- Low Maintenance PUR
- High Performance PVC Wear Layer
- Glass Fibre Reinforcing
- Durable Pre-Applied Adhesive
- Coated Release Paper

iset™

I – Innovative
S – Secure
E – Easy-to-install
T – Technology

NATURAL CREATIONS™ 4.0mm ArborArt™ and Mystix™ with the I-Set™ Installation System

Fast and Easy Installation

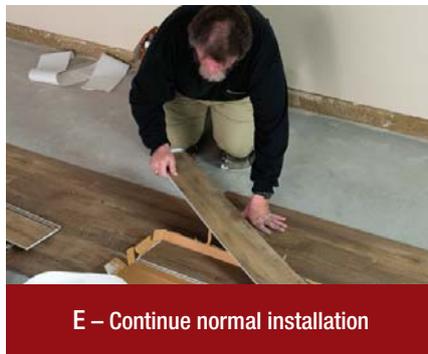

Revolutionary All-in-One Flooring Solution

The innovative technology behind this new all-in-one solution maintains adhesion as well as traditional glue down methods. The I-Set™ Installation System resists popping and lifting when subjected to high foot traffic and rolling loads. Quick install products, such as loose lay and click, simply can't match the value of this new system.

NATURAL CREATIONS™ Luxury Vinyl Plank with the I-Set™ Installation System enables products to be installed without the use of additional adhesives (for further information refer to detailed installation instructions at www.armstrongflooring.com.au). The product is fabricated with a durable commercial adhesive during the manufacturing process and shipped with a coated release paper to keep individual flooring products from adhering to each other.

Easy installation saves time and money

Return the area to productive use immediately – no curing necessary. The strength of the adhesive bond will continue to increase with time and traffic.

Key points for I-Set™ installation

1. Read and follow the warnings as to the suitability of the I-Set™ planks for the area you wish to cover.
2. Read and follow the installation instructions.
3. Acclimatise I-Set™ tiles to room temperature.
4. Ensure floor preparation work is completed as per instructions and complies with the Australian standard 1884-2012.
5. Sweep and vacuum the subfloor in preparation for the installation.
6. On concrete floors use a damp mop to remove any remaining dust and allow the floor to completely dry.
7. Check tile temperature ensuring that the tiles are the same as the floor when installing to minimise any potential movement of the I-Set™ planks.
8. Keep the adhesive backing free from dust as you are installing the planks.
9. When installed ensure the I-Set™ floor is rolled with a 45kg three wheeled roller in both directions.

NATURAL CREATIONS™
LUXURY VINYL PLANK AND TILE
Mystix™ EarthCuts™

Mystix Flight Path Charcoal

Special Order Range

Lead time is approximately 12-14 weeks from placement of order.

Mystix™ 2.5mm LUXURY VINYL PLANK AND TILE

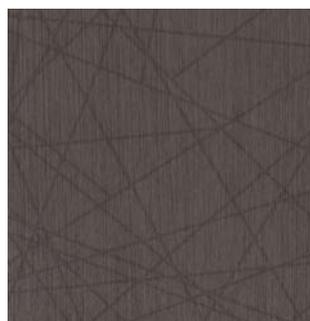

Because the ideal colour or pattern is not always available 'off the shelf' Armstrong Flooring offers an extended range of NATURAL CREATIONS™ Luxury Vinyl Plank and Tile on a Special Order basis.

If you are unable to find just the right colour or pattern from our Stock or Special Order ranges, contact your Armstrong Flooring Representative and we will draw upon our global resources to source suitable alternatives.

Minimum quantities apply depending on pattern. Quantities range from 200-300m².

Lead Time is approximately 12-14 weeks from placement of order.

Contact your Armstrong Flooring Representative or Customer Services 1800 632 624, customer_services@armstrongflooring.com for more information.
