**ADD QUALITY TO YOUR  
 HOME WITH A  
 TAUREAN® SECTIONAL DOOR**

## The Porto Collection

With a sectional door from the Taurean® Porto Collection you're getting a door that's stylish, strong and made to an exceptional quality.

Every door from the Porto Collection is available in a wide range of contemporary colours with options to powder coat and more.

Porto's design means you enjoy the smoothest, quietest operation there is coupled with a full range of sizes up to 3450 mm high and 6100 mm wide means that whether you have a single or double car garage the Porto can add value to your home and is real value for money.

### Taurean Door Systems is strong in history

Taurean Door Systems is part of the Fletcher Building Group and has grown from two great Australian companies, Stramit Building Products and Creeks Metal Industries. So our customers can be assured that the products they buy are backed by many years of proven performance. Today our key values that drive us forward are the same as they have always been; **innovation, reliability, security** and **safety**.

### Taurean® Porto for security and traditional appeal

- Australian designed and manufactured for precision
- Smooth, quiet operation
- Finger-safe panel joints
- High quality spring system ensures peace of mind
- Stylish and robust panels
- Contemporary styling to suit all home designs and building trends

### Warranty

For domestic installations only, a 12 month warranty on the door excluding any corrosion due to proximity of any salt water or if the door is not installed in accordance with the installation manual. For more details please refer to the Taurean® Door Systems website, [www.taureands.com.au](http://www.taureands.com.au)

### Taurean® Porto is a real welcome home!

#### Operation

Nylon rollers with ball bearings and specially designed hinges ensure a smooth and quiet door.

#### Safety

The safety features of the door give peace of mind.

Features like finger-safe panel joints, specially designed hinges and closed-in mullions all prevent fingers catching during operation. No sharp edges on panels, mullions or hinges ensure the safety of your family.

#### Long Life

Of course the life of your door is all important so galvanised brackets, tracks and other components protect against corrosion.

The springing system too is designed for more than 20,000 cycles which maximises the performance of the door over its lifetime and surpasses the Australian Standard.

#### Weather Protection

Even the little things count in quality and the flexible sealing strip along the bottom rail prevents entry of leaves and rain meaning you have less to clean up.

#### Automation

Taurean® Porto doors are often operated manually but if you prefer they can be automated to make opening and closing your door even easier. Taurean Door Systems has an extensive range of automatic openers that completes our door – motor package. Visit the Taurean Door Systems website for more details.
