

QUATTRO™

FOLD & ROLL

The QUATTRO Fold & Roll is the proven solution for a growing list of customers who require a stage which is fast and easy to erect and store.

In fact it only takes one person to operate the QUATTRO Fold & Roll. The complete unit is simply wheeled along on its easy glide castor wheels into position, the wheels are locked and the stage deck is lowered. The gas-struts make lowering and raising the deck a smooth operation. Select Concepts' unique Australian design eliminates pinch points, heavy lifting and the need for more than one

person to operate the QUATTRO Fold & Roll. Each Fold & Roll podium may be used singularly or join multiple Fold & Roll units simply & safely together in a variety of size and shape configurations. Once the stage is no longer required, storage is not an issue as the stage deck units store upright slotted compactly together - a minimalist mobile storage solution.

QUATTRO Portable Stage Systems

As easy as 1+2+3
