

The path to culinary excellence

SkyLine Premium^S Ovens

You talk...

Help me achieve the absolute best cooking results and reduce my costs. I need to know that my Oven will not let me down right in the middle of a busy service. It also has to be an easy-to-use Oven that is so intuitive everyone on my team can use it without training and will help make my kitchen run more smoothly and efficiently.

...we listen

...And developed a combi solution that is the **perfect duality of smart technology and human-centered design**. Made to give outstanding performance and made for you. Super intuitive, simple to use and with a host of pioneering intelligent features that will change the way you cook, **SkyLine Premium^s** has the lowest running costs on the market and is best in class for ergonomics and usability.

The journey to transforming your work-life starts here:

**Made for
business**

+ 10% profitability

**Made for
you**

Easier, healthier, safer

**Made for
performance**

Set a new bar in efficiency

**Made for
non-stop operations**

Pure control of your business

Made for
business

Born to be green

The perfect union of outstanding performance and savings for you and the environment. Sustainably built **SkyLine Premium^S** has the lowest energy, gas and water consumption in the industry. Make your business green.

Annual savings from **SkyLine Premium^S** are equivalent to a year of using class A **ecostore^{HP} Premium Refrigerated Counter^{**}** for free.

Go slow. Go green

Serve more succulent portions thanks to **Low Temperature Cooking** cycle, reducing food weight loss by 50%.

Green cooking

Get the lowest energy consumption with best in class results using **eco-cooking** mode and automatic cooking cycles designed to be the greenest possible.

* Calculation based on running costs (water and energy), according to ASTM testing procedure, versus main competitors on the market. Data available in April 2019.

** model 440lt 3 doors - code 710028

Smart savings and sustainably built

Green
Spirit

Committed to sustainability

Our even more efficient, high-performance SkyLine Ovens are designed to help you work better, save money and reduce your environmental footprint. That is the Electrolux Professional commitment to sustainability.

Goodbye heat loss. Hello savings

Lowest energy consumption ever thanks to enhanced chamber insulation, triple-glazed door and optimized cavity design. Energy usage is optimized thanks to the interaction between the high-precision control system and **26 different sensors** monitoring SkyLine Ovens.

Smart & Green water efficiency

The greatest saving. Water wastage is massively reduced thanks to the smart **Lambda sensor** with its unique **precision humidity control** generating steam only when strictly necessary and taking advantage of the humidity produced by the food itself.

FIRST
in the industry

Minimize spending. Minimize waste

Save up to
10% on
energy with
Plan-n-Save

Minimize your spending optimizing the cooking sequence of your menu with **Plan-n-Save***. You decide your menu and it applies **new logic based on artificial intelligence to optimize the cooking order** in the most time and energy efficient way possible.

FIRST
in the industry

Cleaner, greener and smarter

Exceptional eco-cleaning

Perfect cleaning power with our unique **96% biodegradable****, enzymatic cleaner.

FIRST
in the industry

Green Spirit

Save on water, energy and chemicals with Green Spirit functions up to **-30% running costs** per cycle.

Born to be **3** times more green

The SkyLine Premium^S Green Version, which has triple-glass door, reduces the energy consumptions thanks to higher insulation.

* Calculation based on Electrolux Professional Lab tests on a SkyLine Premium^S, 10/1 GN electric triple-glass door, using Plan-n-Save function versus not using the Plan-n-Save function. Data available in April 2019.

** Biodegradability rate: 96% in 28 days according to the OECD Test Guidelines for chemicals.

Made for
you

One DNA
Twin appliances

SkyLine Oven and Blast Chiller
share the **same mindset.**

Simplify your life

The human touch

v Premium^s is both physically and mentally easy to learn and use, working in perfect synergy with other Electrolux Professional appliances.

Pioneers in usability

An ergonomic Oven means **75%*** reduction in sick leave and **25%** increase in productivity for your business. Ergonomic appliances are designed around your needs and your workflow: making a big difference to your kitchen. Our design process is Human-Centered and fully complies with ISO 26800 and ISO 9241-210 regulations. SkyLine Premium^s is the first ever Oven to receive **4-star certification for ergonomics**.

Experience 4 stars

Compliance with ergonomic principles
Designed with you in mind

Evidence-based anthropometric & biomechanical compliance
Reduced risk of injury

Evidence-based usability
The culmination of years of professional studies and expertise

Human-Centered Design
To make cooking simple and stress-free

An **extra** effortless **benefit**

SkyLine
Chill^S

SkyLine
Premium^S

The path to ultimate performance

The easy path to making your kitchen even more efficient, productive and stress-free. SkyLine Premium^S and SkyLine Chill^S: two perfectly synchronized appliances in full communication with each other, both with certified ergonomics and usability to guarantee flawless Cook&Chill synergy.

A duo made for success.

FIRST
in the industry

Click this icon on the SkyLine appliance touchscreen to discover how easy it is to use SkyDuo and experience seamless Cook&Chill processes.

Error-free simplicity

Make your daily work easier and reduce training time thanks to the intuitive panel. Color-blind friendly. Ease of use is one of the most important criteria for 4-star certification.

Strain-free

Easy opening and shutting of the door over 1.000 times a day with comfortable, ergonomically-designed wing-shaped handle. Hands-free opening with your elbow makes managing trays simpler.

Effortless loading and unloading

Better for your back and less tiring for you. The design of the door and chassis make a real difference to loading and unloading.

The perfect position

Touchscreen display and USB slots have been placed at just the right height for maximum visibility and access, using calculations based on the average user height worldwide.

See the real color of your food

New LED lights and correlated color temperature help in your daily tasks. Blink function alerts help users coordinate tasks.

Door shield

To simplify use and streamline workflow in 20 grids models, SkyLine 20GN Ovens are fitted with integrated door shields.

Door block

Extra safety thanks to special stop positions which prevent the door from swinging into the user.

Touch the sky, it's easy

Simplify your life. SkyLine Premium^s has a super-intuitive and simple to read touch screen interface designed to make your work-life easy.

Touch the simplicity

Total control at your fingertips. SkyLine Premium^s cloud connectivity gives real time access to your appliance from any smart device.

Manual mode

Ideal for demanding chefs

Unleash your creativity, personalizing each cooking cycle to fit your needs and have total control over even the smallest detail.

Programs mode

Ideal for repeat menus

Your food cooked to the same high standard in any SkyLine Premium^s Oven anywhere in the world. Save and share your programs via OnE Connected or USB key.

Automatic mode

Ideal for saving time and money

Fast, easy food quality and safety with automatically guided advanced cooking processes, 11 new special **Cycles+** and easy personalization.

Choose your cooking mode and be guided in over **30 different languages**. Color-blind friendly panel.

The path to simplicity

No instructions necessary, **SkyLine Premium^s** has been designed and tested by real users to guarantee simplicity of use with integrated help and self-learning technology to guide operators through every step of the cooking process.

Watch & learn

Here to help you every day

Get real time support every day directly from your SkyLine Premium^s Oven. Find the answers to your questions, access all supporting material and get the most up-to-date information about your SkyLine Premium^s Oven.

Planning made simple

Your agenda at your fingertips

Make your life easier and workflow smoother using the **MyPlanner** functions to plan your daily work and receive personalized alerts for your tasks.

One page. One touch

Make it easy with the all-in-one page

Group all your favorite functions on the **SkyHub homepage** to have immediate access to the features you use most.

Free your mind

Enjoy the peace of mind which comes from simplified planning and food safety compliance with SkyLine Premium^S.

Stress-free rush hours

Smoother workflow with easy planning and managing of multiple cooking cycles

Improve flexibility by planning and managing multiple cooking cycles with **MultiTimer** during rush hours (set up to 20 timers). Assign a different timer to a specific food typology for easy recognition.

Make-it-mine solutions

All user interface functions can be fully personalized: making your control panel as unique as your fingerprint.

Food safety

No compromise between cooking quality and safety with **Food Safe Control**. With the 6-sensor Multiprobe inserted, SkyLine Premium^S automatically ensures that food has been perfectly cooked while operating in accordance with **HACCP** standards. Process recognized by the University of Udine, Italy.

using Low Temperature Cooking cycle.

OVER
40 YEARS
EXCELLENCE IN COMBI OVENS

1977

Electrolux Professional started a revolution introducing the first combi Oven to the market

2019

Electrolux Professional opens up a whole new cooking horizon: **SkyLine**

Excellence time after time

The path to culinary excellence starts with maximum precision. SkyLine Premium^S has the technology to give you absolute control over every setting for even cooking performance, proving, baking, roasting and steaming.

The most impeccable cooking evenness ever

Even cooking. Even large loads

Flawless, even results whether cooking or baking thanks to revolutionary high technology **OptiFlow** circulation system which guarantees uniform heat distribution and constant temperature in the optimized cooking chamber. Reverse fan rotation from 300 to 1500 rpm ensures exceptional cooking evenness.

Great performance
comes from the perfect
combination of smart
technology and
thoughtful design.

Scan to watch
the OptiFlow
cooking
evenness video

Don't wait around

Speed up cooking times

Perfect cooking performance without waiting, new SkyLine Premium^s has **super rapid preheating** thanks to innovative **T-Xcelerator** control.

Switching **from humid to dry** cooking conditions is faster than ever with **Dry-Xcelerator** control. A special butterfly- shaped venting valve able to exhaust up to 90 cbm of air per hour.

Take control

Precision monitoring of core food temperature

Increase productivity, guarantee food safety and minimize food shrinkage through precise real time monitoring of the exact core temperature of your food with **6-sensor probe**.

Over 15 years' expertise in precise humidity control

Lambda sensor measures humidity **every second**, **60 times a minute**, **3600 times per hour!**

FIRST
in the industry

Science at your service

Cooking is not just an art but a science. Our latest **Lambda sensor** provides precision real-time measurement and control over humidity in the Oven chamber for every type of food and size of load.

Your personal journey

Choose the way you want to cook.

Automatic mode

The best way to increase efficiency in your kitchen

Green Cooking. Greater Savings

Perfect cooking performance calculated to maximize efficiency. Minimizing consumption is better for your pocket and for the environment.

Delicious food at your fingertips

Professional cooking has never been so fast and easy. Fast, touch selection of the dish you want and easy personalization. Cooking time, temperature and cooking climate are continuously monitored and automatically adjusted.

The easy path to great cooking

Just **3 simple steps** to perfectly prepare large quantities of different foods every day:

1. Choose from one of **9 food families** or **11 Cycles+**: Low Temperature Cooking, EcoDelta Cooking, Regeneration, Static Combi, Proving, Sous-vide, Advanced FSC, FSC low risk guide, FSC high risk guide, Dehydration, Pasteurization of pasta.
2. Select the desired result
3. Press start

 SkyLine Premium[®] is designed to work in perfect harmony with SkyLine Chill[®] for flawless Cook&Chill solutions.

What Electrolux Professional
SkyLine Premium^s
can do for your
business

our solution on
www.professional.electrolux.com

11 ways to be special

11 dedicated **Cycles+** to expand your cooking horizons and save you time.

Ready to serve in under 10 minutes

Regeneration

Perfect, fast regeneration of your food. SkyLine Premium^s can have your food ready for service in just 7 minutes.

Efficiency and organization are enhanced by the Electrolux Professional Cook&Chill system: flexibility in planning, handling, storage (increased shelf-life) and regeneration.

Unique solution for every business

Static Combi

Advanced technology, classic cooking. Perfect chocolate soufflé and juicy, slowly-cooked pieces of roasted meat will never go out of fashion. Static Combi simulates static cooking using a more gentle air distribution so you can bring a taste of tradition to your menu.

EcoDelta Cooking

Static Combi

Proving

FSC High Risk

Regeneration

FSC Standard Risk

Advanced FSC

Low Temperature Cooking

Sous-vide

Pasteurization of pasta

Dehydration

Greater efficiency
and profit with
special Cycles+!

**50% less
weight loss***

Low Temperature Cooking

Low Temperature Cooking automatic procedure always guarantees top quality cooking results while halving weight loss, which means juicier, more tender and consistently-colored meat.

Low Temperature Cooking reduces the “maturing” process of fresh meat from 1 day to 1 hour. Process recognized by the University of Udine, Italy.

PATENTED***

* Compared to traditional cooking cycles with SkyLine Ovens.

*** LTC - patent US7750272B2 and related family

Dehydrating

SkyLine Premium^s is perfect for quickly dehydrating fruits, vegetables, meat and fish. To preserve compactness, flavor and all the nutritional values of food, the **Dry-Xcelerator** eliminates the liquids from your ingredients by making the Oven chamber dry thanks to a combination of low temperatures and zero humidity.

 To ensure perfect results, use the Electrolux Professional dehydrating tray.

Cleaner flexibility

Flexible, undisputed cleaning with SkyClean technology and unique eco-friendly enzymatic cleaners.

SkyClean is an automatic and built-in self cleaning system with integrated descaling of the steam generator.

Energy, water and detergent consumption are reduced to the lowest possible in the 4 standard cycles (54 to 180 min) and you can save even more by choosing eco-friendly Green Spirit cycles.

FIRST
in the industry

Longer life and top performance of Skyline Ovens only with phosphate free Electrolux Professional chemicals.**

* Up to -15% in running cost: savings on energy, water, detergent and rinse aid calculated using SkyClean function versus equivalent cleaning cycle on previous Electrolux Professional Oven range. Data available in April 2019.

** The use of Electrolux Professional original chemicals ensures ideal performance and durability of your oven.

Now you decide which chemical - solid, liquid or enzymatic

Flexibility is key

Flawless cleaning results. New SkyLine Premium^s gives you unique flexibility with 3 different chemical options: **solid** for more intensive cleaning, **liquid** for greater flexibility, **enzymatic** to massively reduce your impact on the planet. These new chemicals have been developed to meet the strictest customer parameters.

 **96%**
biodegradable

We  enzymes

What's good about them?

Unique 96% biodegradable*** enzymatic cleaners are **eco-friendly** and work properly even at low temperatures for a targeted cleaning.

FIRST
in the industry

What are enzymes?

A natural protein produced by fermentation.

How do enzymes clean?

***Biodegradability rate: 96% in 28 days according to the OECD Test Guidelines for chemicals.

Scaled down spending

Keep SkyLine Premium^s working perfectly service after service. **ZeroLime** integrated descaling**** and auto-scale detector ensure long-term energy efficiency and uncompromising performance over time.

Stop & Cook in under 10 minutes

Got an unexpected customer while a cleaning cycle is in progress? No problem. Just press stop and the chamber will be fully rinsed and ready to cook again.

Plan your cleaning

Make sure daily cleaning is always done by planning and programming SkyClean. Select the right plan for you.

- ▶ **Programmable cleaning:** Decide the best time to activate SkyClean for your kitchen, save it to your agenda in MyPlanner, get alerts and monitor the cycle from any location via OnE Connected.
- ▶ **Forced cleaning:** password-controlled cleaning ensures that programmed maintenance is always done and can be monitored remotely.

OnE Connected, your digital assistant

OnE Connected
SkyLine Ovens

OnE Connected helps you get top performances from your Electrolux Professional solutions. This will maximize your profits and accelerate your return on investment*.

Improve your work life

24/7 real time monitoring

OnE Connected gives you remote control over your operations like managing recipes to devices all across the globe in just one click or receiving HACCP alarms in real time.

Earn more

Maximize profit

OnE Connected helps you reduce consumption to a minimum and optimize the efficiency of your business.

Smart savings. Monitor the consumption of your connected oven to detect anomalies and improve the efficiency of your workflow, based on production needs.

Smart usage. OnE Connected helps you see how to rationalize your productivity: you could use 2 ovens instead of 3 outside of peak times.

Guaranteed hygiene

Shouldn't we guarantee everyone safe and healthy meals?

Connectivity also means safety. **Automatic digital HACCP documentation** will provide compulsory evidence of safe cooking processes and quality, saving you time and paperwork.

With data at your fingertips, you can make adjustments where needed to ensure your processes are respecting the hygiene and food safety requirements.

Digital platform

OnE Connected

Customer Care

giving you

Your performance

Boost your processes

OnE Connected gives you the insight to **better organize your production flow**. You can improve your output quality and meet the highest quality standards.

Smart business decisions. Smart percentage statistics mean you can **monitor the quality of your food** more easily and keep your customers happy.

Non-stop operations

Increase equipment uptime

OnE Connected helps you plan maintenance at just the right time, to ensure maximum uptime while reducing your costs for unexpected breakdowns.

OnE Connected knows when to alert you so **you can react quickly and increase uptime**. For the best service ever, the same message can be sent to the Service Partner of your choice. For even more benefits subscribe to an Essentia Service Contract

Ensure consistent menu day after day

With OnE Connected, you can create, store and share single or multiple cycles directly with your appliances.

Sending cycles from your library to connected appliances is a great way to improve fleet management and ensuring consistent menu across your locations.

How do you want to cook?

Your food, your choice of:

7 fan speeds

3 cooking modes

100+ humidity levels

16 cooking phases

11 Cycles+.

Complete control over your creativity

Every second counts

Precise monitoring and regulation of every part of the cooking process **every second, 60 times a minute**, that means a staggering **3.600 times an hour!**

9 Recognitions & Certifications

Rigorously tested and certified in full compliance with the most stringent international standards, SkyLine Ovens are also the only ovens in the world to have 4-star certification for ergonomics and usability.

ERGOCERT

"Ergonomic interventions can reduce musculoskeletal disorders (WMSDs) by **59%**, with an average decrease of **75%** in sick days and a **25%** increase in productivity."

Dr. Francesco Marcolin, CEO of ErgoCert (European Certified Ergonomist - EUR.ERG.)

GASTEC

"**Up to 50%** lower noxious emissions for a healthier working environment. Innovatively designed Electrolux Professional burners exceed Gastec* low emission requirements."

* Gastec Dutch government certification, the strictest in Europe

Certifications refer to all Ovens of the SkyLine family. For information regarding precise certifications related to specific product codes contact your local Electrolux Professional Partner.

Service agreements, you can trust

You can choose from **flexible tailored-made service packages**, according to your business needs, offering a variety of maintenance and support services.
