HIDEAWAY WASTE BINS INNOVATIVE STORAGE SOLUTIONS

Brought to you by Häfele

FEATURES & BENEFITS

HIDEAWAY® SOFT-CLOSE

HIDEAWAY® DELUXE

HIDEAWAY® COMPACT

Hideaway Bins are ideal for use as a hidden storage solution within any area of the home - kitchen, bathroom, laundry, anywhere... Three intelligently designed, New Zealand made ranges are available, offering a simple and stylish space-saving solution.

A Hideaway Bin is a practical solution that slides away inside the cabinet and is completely hidden from sight until needed.

The bins are both ergonomic and functional as they are designed to be mounted at bench height and pull out towards the user, allowing easy disposal of waste without having to bend inside low cupboards. By top mounting the Hideaway Bin it can be fitted behind any width of cabinet door allowing greater design flexibility

Units are easy to clean and maintain. This provides the user with a simple answer for storing waste and recycling within the kitchen, hygienically disposing of bathroom waste or sorting whites from colours within the laundry.

With each of the three ranges offering distinctive features, there is sure to be a Hideaway Bin to suit the requirements of any commercial or residential project.

The **HIDEAWAY® SOFT CLOSE RANGE** is fitted with high quality, German ball bearing soft close runners which allow a smooth and controlled closure of the unit. The bin also has a friction-fitted lid to seal in odours, which is treated with a Clinikill™ antibacterial powder coating to fight yeast, bacteria and fungi for a hygienic storage solution.

The **HIDEAWAY® DELUXE RANGE** has a friction-fitted lid to seal in odours, which is treated with a Clinikill™ antibacterial powder coating to fight yeast, bacteria and fungi for a hygienic waste solution. The units operate with manual open and close ball bearing runners.

The **HIDEAWAY® COMPACT RANGE** is suitable for areas of limited space as well as offering price competitive options. The units operate with soft close ball bearing runners.
